

Collaborative Development

Collaborative Development challenge

So in this challenge, it seems that we just need to check out the program or bits and parts of it IG

Okay so, we need to checkout the program on each branch IG

```
File Actions Edit View Help
pambrighten
pamcat
(kali@kali)-[~/Downloads/drop-in]
$ git checkout feature/part-1
Switched to branch 'feature/part-1'

(kali@kali)-[~/Downloads/drop-in]
$ python3 flag.py
Printing the flag ...
picoCTF{t3@mW0rk_

(kali@kali)-[~/Downloads/drop-in]
$ git checkout feature/part-2
Switched to branch 'feature/part-2'

(kali@kali)-[~/Downloads/drop-in]
$ python3 flag.py
Printing the flag ...
m@k3s_th3_dr3@m_

(kali@kali)-[~/Downloads/drop-in]
$ git checkout feature/part-3
```
