 picoCTF{FLAG}

Submit Flag

A sanity check 😊

The screenshot shows the picoCTF challenge page for 'runme.py'. The page includes a description, tags, and a 'Submit Flag' button. A terminal window is overlaid on the right side, showing the following commands and output:

```
kali@kali: ~/Downloads
File Actions Edit View Help
$ mousepad dictionary.txt
$ mousepad level5.py
$ sudo rm -r *
[sudo] password for kali:
$ python3 runme.py
picoCTF{run_s4n1ty_run}
$
```
